Tango & Chari Restoration Project

Ref./No. : DCHS/TCRP/13/2017-18/130

14th September 2017

Bill of Quantity

Supply, Installation and commissioning of Handset Digital/analog Repeater and Digital/analog Handset.

Sl. No	Particulars	Specifications	Rate	Make/Brand
1	Repeater VHF 136 MHZ-174MHZ with RF cable Antenna, and power supply with backup battery SMF 100AH 12 Volt			
2	Digital hand set			
3	Analog hand set			

Special Conditions:

1. The bidders may submit technical specifications along with catalogue/brand and quote your rate according to the model. The projects prefer to have various model rates both for digital and analog repeater and hand set. The bidders may use the separate sheets to specify the technical specifications, models and brand.
2. One set of repeater should able to cover Tango & Chari project area and Thimphu town.
3. Preferable Frequency range should be VHF 136 – 174 Mhz (Based on the frequency received from BICMA).
4. The installation of digital or analog repeater shall be at DrolungGoenpa or any other place within Tango & Chari wherever it is suitable.
5. Operating location temperature may range from minus (-) 20 degree Celsius to 30 degree Celsius.
6. The rate should be inclusive of installation, testing and commissioning.

Any disputes shall be referred to standard financial rules and regulation
